From my knowledge, Germany was on the verge of winning the war, but the Zionist bankers went behind Germanys back and ensured Britain not to concede. They will drag US into the war after meeing with Wall Street finances and in return they want authority over the Palestinian state from Britain and turn it into an eventual Jewish state.

After the Ottomans fell, the British took control of the Mandate of Palestine in 1918. The Balfour Declaration is signed a year prior.

In the end, Germany loses and that leads to the Treaty of Versailles which Zionists also helped play a part in creating ---- and onwards and onwards.

Actually the North Africain divisions came back and saw all their "non-germanic" citizens were dead for no reason and then Operation Valkyrie didn't work and then the east front failed.

Heard it was logistic issues, like winter stuff just getting burned on the way east. Almost like it was sabotage.
